# All Of My Life

(c) Tony Arnold & Peter Watts

Look around, It's stormy weather,  
You and I, We've been together all the time,  
The tears I've cried.

Broken down familiar places,  
Turn around, The doubting faces never see the pain in me.

All of my life, No-one took the time to tell me what was right,  
And what was wrong, Why did you leave me all alone,  
To stumble and fall, All along the way.

Play it down, they always told me,  
But in the end the lies they sold me  
Never saved the years unclaimed.

Through the glass it's hard to see you, Mystified,  
I try to hear you tell me how,  
But there's no sound.

All of my life, No-one took the time to tell me what was right,  
And what was wrong, Why did you leave me all alone,  
To stumble and fall, All along the way.

In the light I see a rain keeps falling,  
I need a shelter from the storm,  
In a place where we can run,  
I'll be with you, You'll be with me,  
And we will always be together.

All of my life, No-one took the time to tell me what was right,  
And what was wrong, Why did you leave me all alone,  
To stumble and fall, And now it's all gone,  
All of my life, No-one took the time to tell me what was right,  
And what was wrong, Why did you leave me all alone,  
To stumble and fall, All along the way.

On my way, On my way, On my way, On my way.

# Children

(c) Tony Arnold & Peter Watts

Children,  
Beware of the people you meet,  
They'll knock you right off of your feet,  
You're alone on the street,  
Don't be sad.

Wishing,  
How far in the future you see,  
But what is it you want to be?  
You can choose, You are free,  
Please be wise.

You know your friends will tell you,  
Don't you listen to them,  
They'll show you something better,  
But you'll lose in the end.

Crying,  
Tears run down your face,  
One day there will be no trace,  
Of your mother's embrace,  
You're alone.

Smiling,  
Sun shining in your eyes,  
Stay true to what you know is right,  
For one day you will fight,  
Please be strong.

Will it matter then?  
Will they be your friends?  
Who will save you then?  
Will it be your friends?

Stop running,  
Don't hide from the things you must do,  
One day it will come back to you,  
And you know that it's true,  
Don't you know?

Be strong now,  
Your rainbow is shining clear,  
There's nothing you have to fear,  
Yes your day will be here,  
Sing out loud.

# Dancing

(c) Tony Arnold & Peter Watts

You walked right through the door, Stepped on the floor, My heart sang,  
And if you would dance with me, maybe you'd understand,  
Nothing means more to me, than dancing to the music,  
And I've been waiting for so long.

You should be dancing,  
Anybody can do it,  
Dancing, Get up on the floor,  
Dancing, There aint nothing to it,  
You gotta move like only you can do it,  
Dancing.

When you looked at me and touched my hand the music played,  
I try to dance with you, but when I do you turn away,  
Nothing means more to me, than dancing to the music,  
And I've been waiting for so long.

You should be dancing,  
Anybody can do it,  
Dancing, Get up on the floor,  
Dancing, There aint nothing to it,  
You gotta move like only you can do it,  
Dancing, There aint nothing to it,  
Dancing, Get up on the floor,  
Dancing, Anybody can do it,  
You gotta move, You gotta get into it,  
Dancing.

You know I love you, Always love you,  
More than all the stars above you,  
Take my hand, Understand,  
I've waited for so long.

You waited by the door, but how much more can love stand?  
And if you wont dance with me you'll never understand,  
You could mean more to me than dancing to the music,  
And I've been waiting for so long.

You should be dancing,  
Anybody can do it,  
Dancing, Get up on the floor,  
Dancing, There aint nothing to it,  
You gotta move like only you can do it,  
Dancing, There aint nothing to it,  
Dancing, Get up on the floor,  
Dancing, Anybody can do it,  
You gotta move, You gotta get into it,  
Dancing.

# **Girl Of The Day**

**(c) Tony Arnold & Peter Watts**

There's a certain something in her eyes they said,  
I don't understand her, It's a game they said.

Take you to a place where no-one ever goes,  
That's no invitation, It's a tragedy.

Girl of the day, New modern age,  
Queen of the fashion page, I love her,  
Dance on the street, Sound of the beat,  
Queen of the modern age,  
We love her, Ah.

I just want to tell you what you mean to them,  
It's a different face now, Things are better then.

It seems so much has changed now, She's alone they said,  
Did they ever notice you were dead to them?

Girl of the day, New modern age,  
Queen of the fashion page, I love her,  
Dance on the street, Sound of the beat,  
Queen of the modern age,  
We love her, Ah.

Girl of the day, Cue modern age,  
Queen of the fashion page, I love her,  
Dance in the street, Sound of the beat,  
Queen of the modern age, We love her,  
Girl of the day, Girl of the day,  
Queen of the modern age, We love her,  
Dance on the street, Sound of the beat,  
Queen of the modern page,  
We love her, Ah.

Girl of the day, Girl of the day,  
Queen of the fashion page, We love her,  
Dance on the street, Dance to the beat,  
Queen of the fashion page,  
We love her.

# Hawaii

(c) Tony Arnold & Peter Watts

Did I ever tell you about the time in Hawaii?  
When the sun came down from the sky and met the sea.

Ooh Hawaii, Ooh Hawaii.

Sun and moon will shine together,  
We will be as free as birds,  
And everyone will live forever.

Well I knew this town was more than just a feeling,  
And a place like this could never be a dream.

Ooh Hawaii, Ooh Hawaii.

You know sometimes it seems we're going nowhere,  
I tell you now, We're going somewhere soon.

Ooh Hawaii, Ooh Hawaii.

# **I See Her Smiling**

**(c) Tony Arnold & Peter Watts**

I can't go on living this way  
It seems my world is so cold and grey  
If I could only see the sun  
Her smiling face I've been dreaming of  
Every night, every day

I see her smiling at me there beneath the trees  
There's nothing more that I could ever want to see  
Something about her that I really can't explain  
Tells me that she's the only one to heal the pain

I've got to tell her how I feel  
I'm not good with words but I know that it's real  
She means just everything to me  
There's gotta be a way that I can let her see  
Every night, every day

I see her smiling at me there beneath the trees  
There's nothing more that I could ever want to see  
Something about her that I really can't explain  
Tells me that she's the only one to heal the pain

Some things just seem to come and go  
But it's here to stay and that's all that I know  
I didn't plan on things this way  
Just turned my head and there was her face  
Every night, every day

I see her smiling at me there beneath the trees  
There's nothing more that I could ever want to see  
Something about her that I really can't explain  
Tells me that she's the only one to heal the pain

Some people like to live alone  
But I just can't stand it living here on my own  
I know my world has gotta change  
And I'm gonna tell her when I see her again  
Every night, every day

I see her smiling at me there beneath the trees  
There's nothing more that I could ever want to see  
Something about her that I really can't explain  
Tells me that she's the only one to heal the pain

Something about her that I really can't explain

# **I Wanna Be Loved**

**(c) Tony Arnold & Peter Watts**

I wanna be loved by someone who'll make me feel like my life is worth living,  
I wanna be loved by someone who'll show me taking is less than giving,  
I wanna be loved by a girl who means more to me than the whole wide world,  
I wanna be loved by someone like you.

I wanna spend time with someone to help me see all the things I've been missing,  
I'd just like a friend I can talk to, you know I need somebody to listen,  
I wanna be loved by a girl who means more to me than the whole wide world,  
I wanna be loved by someone like you.

So when you need a little love and understanding just call me up and I'll be there,  
A woman in love needs someone to depend on, A woman in love needs someone to care.

So when you need a little love and understanding just call me up and I'll be there,  
A woman in love needs someone to depend on, A woman in love needs someone to care.

I wanna be loved by someone who'll help me see all the things I've been missing,  
I'd just like a friend to talk to when I need somebody to listen,  
I wanna be loved by a girl who means more to me than the whole wide world,  
I wanna be loved by someone like you.

When you need a little love and understanding just call me up and I'll be there,  
A woman in love needs someone to depend on, Yeah, A woman in love needs someone to care.

# I Will Be There

(c) Tony Arnold & Peter Watts

A heart isn't cold until the fire has burned,  
But it hurts to recall now the pages have turned,  
The end to a story that barely began,  
Written of love once so good now so bad.  
The music was played for the dance of the dreamer,  
You took the floor but you danced on alone,  
The memory burns you and plagues you again,  
You try to cry out but the words refuse,  
But the words refuse.

How many times until the lesson is learned,  
There's a price to be paid now the fingers are burned,  
A story can change and a love can be found,  
Look for the page, you can turn to me,  
You can turn.

I'll be there when your heart's been sold  
And you feel like crying,  
I will be there now your love's left cold  
And the feeling's dying,  
You know that I'll always be there.

The pages of time are slowly turning away,  
And the story begins from a different place,  
You dance to the music no longer alone,  
A feeling so warm you could never have known,  
No more the tune to be played for the dreamer,  
A story can change and a love can be found,  
Much more than a dream is the love we will share,  
The promise is real when you turn to me,  
When you turn to me.

I'll be there when your heart's been sold  
And you feel like crying,  
I will be there now your love's left cold  
And the feeling's dying,  
You know that I'll always be there.

You can turn to me,  
You can turn to me.

I'll be there when your heart's been sold  
And you feel like crying,  
I will be there now your love's left cold  
And the feeling's dying,  
You know that I'll always be there.

# Is It Her?

(c) Tony Arnold & Peter Watts

As she looks at you you remember her,  
There was something in her eyes,  
As she leads you to a forgotten place  
That you would not recognize.

To the time before when the dance began,  
And the music turns you round,  
A familiar face isn't all you see  
In the images of sound.

Is it her?  
Is it her?

No imagination can reveal what you can see,  
What you can feel,  
And you wouldn't know,  
No you wouldn't know.

When you took the hand of the promised one  
There was something in her eyes,  
Like a burning flame from a distant time  
That you would not recognize.

Is it her?  
Is it her?

No imagination can reveal what you can see,  
What you can feel,  
And you wouldn't know,  
No you wouldn't know.

Is it her?  
Is it her?  
Is it her?  
Is it her?

# Karen Day

(c) Tony Arnold & Peter Watts

Karen Day,  
I want you to know,  
Why I love you so my dear,  
Come what may,  
I'll love you to the end and,  
All my life I'll spend with you,  
Karen Day, Karen Day.

I can't live without you,  
I love everything about you,  
When we're alone together  
I want it to last forever.

Karen Day,  
You mean so much too me,  
I feel love flow through me now,  
We'll be as one,  
And we can do these things,  
Everytime I feel this low,  
Karen Day, Karen Day.

I can't live without you,  
I love everything about you,  
When we're alone together  
I want it to last forever.

Girl when you tell me that  
our love is forever then  
I know I wont leave you  
Karen Day.

The sun is always shining,  
There can be no denying,  
The way you move so graceful,  
Nobody could be so tasteful.

Karen Day, I love you babe,  
When we're here together,  
I want it to last forever.

# Listen To Me

(c) Tony Arnold & Peter Watts

Listen to me,  
I have an answer to your cries,  
Nothing can be so lost that love can never find,  
The dark night grows colder as many years go by.

None are so blind as those who will not ever see,  
Only to find,  
The love they need will never be,  
The cold night grows darker as many years go by.

The ice is slowly melting as I wake into the night,  
To hear the crashing waves of years gone by,  
Spare a thought for me now,  
I've a tale to tell.

Love is infatuation,  
Fires imagination,  
Burning around inside my mind,  
Love changes with the weather,  
Love has no chain or tether,  
Leaving a chill for me inside,  
Spare a thought for me now,  
I've a tale to tell.

Listen to me,  
I have an answer to your cries,  
Nothing can be so lost that love can never find,  
The dark night grows colder as many years go by.

None are so blind as those who will not ever see,  
Only to find,  
The love they need will never be,  
The cold night grows darker as many years go by.

A dawning of a day brings light into unseeing eyes,  
Now the turning of the tide begins,  
Spare a thought for me now,  
I've a tale to tell.

Love is infatuation,  
Fires imagination,  
Burning around inside my mind,  
Love changes with the weather,  
Love has no chain or tether,  
Leaving a chill for me inside,

Lala la lala lala,  
Lala la lala lala,  
Lala la lala lala la.

# Live In Style

(c) Tony Arnold & Peter Watts

The kids down town like to live in style,  
Nobody's gonna take 'em down,  
All you stupes down the dead end block,  
You gonna move it all around,  
You better move out now,  
You're working in a private zone,  
Move out now,  
You're gonna get some broken bones.

When Jamie came here he was just another kid,  
He moved in down the block on highway,  
But things didn't go the way that Jamie planned,  
He surely left his mother crying.

You better move out now,  
Your mama's gonna cry all day,  
Move out now,  
Things aint gonna go your way.

Closer, The war was getting closer,  
Listen, She's gonna give 'em time, yeah,  
Too late, Too late,  
She's gonna take him down,  
Now the tears don't hide.

Rumours, Murders,  
She's no match for a six feather blade explosion.

Well she's been saving, Saving all her life,  
And her son Jamie, He was gonna do alright,  
But you killed him, You killed him,  
You murderer, Murderer,  
Without a reason why,  
I want a reason why,  
Because I said so.

It turned her mind and so they put her in a institution.

Jamie's dance had taught the kids in town,  
You sure don't wanna play that game,  
Nows there's genocide in every town,  
It's never gonna be the same.

It's your town, It's my town, My town,  
Can it be OK, Can it ever be? Because it's a war.

Some other time  
it's gonna be those sour lights,  
Sour lights, Goodnight,  
You know I said goodnight.

# **Living In The Heritage**

**(c) Tony Arnold & Peter Watts**

Living in the heritage of those we knew before,  
Timeless visions echo from within,  
See the truth of everyone in pleasure and in pain,  
Speaks to you like deserts in the sun,  
We are one, You know we're one.

Hey, I'm weary, So weary, I don't understand,  
Fate completely, Believe me, I'm a different man.

Spiralling and beckoning the crazy ride begins,  
Time and seasons calling through the stream,  
We don't know what we don't see but we'll take it anyway,  
Colliding faces ripple into waves,  
We are sane, You know we're sane.

Hey, I'm weary, So weary, I don't understand,  
Fate completely, Believe me, I'm a different man.

Different man, different man, different man, different man.

Hey, I'm weary, So weary, I don't understand,  
Fate completely, Believe me, I'm a different man.

Different man, different man, different man, different man.  
Different man, different man, different man, different man.  
Different man, different man, different man, different man.

# Look In Their Eyes

(c) Tony Arnold & Peter Watts

Hear the voice that talks to you,  
That will always be with you,  
Even when you turn and walk away.

Feel the burn of barren places,  
See the tears on hollowed faces,  
Was there never time to heal the pain?

Why do you criticize, Unclose your mind,  
Begin to recognize, There is no time.

Look in their eyes, Do they blame you?  
Hear their cries, Does it change you?  
Anyone and everyone's the same.  
Look in their eyes, Does it shame you?  
Hear their cries, Do they name you?  
Anyone and everyone's to blame.

When you look around to see,  
Things can change so easily,  
As you turn into another day.

Feel the cool of rivers flowing,  
In a smile a face is glowing,  
Could you ever turn and walk away?

Why do you criticize? Unclose your mind,  
Begin to recognize, There is no time.

Look in their eyes, Do they blame you?  
Hear their cries, Does it change you?  
Anyone and everyone's the same.  
Look in their eyes, Does it shame you?  
Hear their cries, Do they name you?  
Anyone and everyone's to blame.

Look in their eyes.

# Lost In Love

(c) Tony Arnold & Peter Watts

Please try to understand,  
I'm only searching through the backroads of my mind,  
I'm lost in love,  
And such a love can be found,  
Such a love can be found.

I'm walking through the passages of time,  
I'm lost in love,  
Lost in love, Lost in love,  
And such a love can be found.

Images of light defeat the shadows hidden deep within my mind,  
I'm lost in love,  
And such a love can be found,  
Such a love can be found.

Now I understand that I was blind,  
I'm lost in love,  
Lost in love, Lost in love,  
And such a love can be found.

Words could never tell you of the love I always hoped that I would find,  
I'm lost in love,  
And such a love can be found,  
Such a love can be found.

You know that you were always on my mind,  
I'm lost in love,  
Lost in love, Lost in love,  
And such a love can be found.

# Love Is Not A Game

(c) Tony Arnold & Peter Watts

I was alone,  
Left out in the cold,  
You gave me a smile and it melted my heart,  
You bowled me right over,  
I couldn't run for cover,  
I gave you my love,  
All I had to give,  
You played with my emotions,  
Toyed with my devotions.

Love is not a game,  
I don't want to play your clever games baby,  
You say you feel the same,  
Then you turn away,  
It's not a game baby.

The time has come,  
For you to prove your love,  
You took everything but you never returned anything I gave to you,  
Sold me down the river,  
I was blind, now I see what you're doing to me,  
Hear the words I'm saying,  
It's time to stop your playing now.

Love is not a game,  
I don't want to play your clever games baby,  
You say you feel the same,  
Then you turn away,  
It's not a game baby.

I've cried all my tears,  
There's nothing left I can give,  
Down a one-way street,  
The only way you can win,  
Is stop the game and give in to your heart.

Love is not a game,  
I don't want to play your clever games baby,  
You say you feel the same,  
Then you turn away,  
It's not a game baby.

# Money

(c) Tony Arnold & Peter Watts

Sheila,  
With the stars in her eyes of diamonds,  
Calls me,  
Through the midnight wind,  
I hear you Sheila,  
The sun and moon are guiding me the way,  
And I want you to know that I'll love you forever,  
But it's only a dream,  
Sheila.

When you're feeling down,  
Nothing brings you round like money, (Money)  
When you're feeling low,  
Aint it good to know you got your money, (Money)

Money, Money, Money, Money,  
All I gotta say is I don't need you now.

Buy a girl a dress,  
It brings you happiness,  
You know you need it, (Money)  
Go for what you want,  
Anything to make it a bit easy, (Money)

You want it, You got it,  
You need it, It's money,  
All I gotta say is I don't need you now.

Money gets you down,  
You're never gonna be the same,  
Losing here again,  
Aint never gonna be a slave,

Money, Oh yeah, So funny, Oh yeah,  
So funny, So useless, Yeah.

I don't need you now.

You're so cool, You're no fool,  
Who ya kidding? (Money)  
Go for what you want,  
Fester in your greed,  
You aint living, (Money)

Money, Money, Money, Money,  
All I gotta say is  
I don't need you now,  
All I gotta say is  
I don't need you now.

# My Maria

(c) Tony Arnold & Peter Watts

I would not say that she was pretty,  
She would not knock you off your feet,  
But all day long I dream about her,  
And of the love she brings so sweet,  
And I know, In my heart,  
In my soul, I need her.

Through impending complications,  
Doubts that scream inside my head,  
She brings to me consolation,  
There's nothing more left to be said,  
And I know, In my heart,  
In my soul, I need her.

Oh my Maria,  
How I long to see her,  
Oh my Maria,  
Wont you wait for me,  
Oh my Maria,  
How I long to see her,  
Oh my Maria,  
Wont you wait for me.

At the station such a long time,  
Once again to see her face,  
In the shadow that's become me,  
Just a smile will loose my chains,  
And I know, In my heart,  
In my soul, I need her.

Oh my Maria,  
How I long to see her,  
Oh my Maria,  
Wont you wait for me,  
Oh my Maria,  
How I long to see her,  
Oh my Maria,  
Wont you wait for me.

# NE1 'ome?

(c) Tony Arnold & Peter Watts

It's not quite the gig,  
That you'd thought we'd have done,  
You'd maybe have thought  
It was just for the young,  
But we'd been really bored,  
And we needed some fun,  
So we stepped in a phone box,  
And guess what we rung?

Hello, Is anyone home?  
Please come to the phone.

Down the Rose & Grapes boys,  
Three lemonades,  
Everyone looks 'round,  
The friendliness fades,  
The barman's quite heavy,  
His teeth start to grind,  
Reach for the telephone,  
Dial 999.

Hello, Is anyone home?  
Please come to the phone.

We're out on the street now,  
No buses, No trains,  
I've got no money,  
I've got hunger pains,  
I remember quite vaguely  
(Yeah, Over there,)  
A phone by the trees  
(That's the one,)  
Oh no it's out of order,  
Operator please!

Hello, Is anyone home?  
Please come to the phone.

# Nothing's Gonna Change My Mind

(c) Tony Arnold & Peter Watts

Maybe, I'm like a fool for you,  
You know you drive me crazy,  
With all the things that you do,  
But I love you,  
More than you'll ever know,  
I'll never put myself above you,  
You mean too much too me.

Nothing's gonna change my mind,  
The way I feel about you,  
I love you til the end of time,  
I couldn't live without you.

Someday, You'll feel the same way too,  
But baby maybe in your own way,  
I think you already do,  
So please tell me  
That these feelings are true,  
There's really no use in pretending,  
I can see through you.

Nothing's gonna change my mind,  
The way I feel about you,  
I love you til the end of time,  
I couldn't live without you.

Nothing's gonna change my mind,  
The way I feel about you,  
I love you til the end of time,  
I couldn't live without you.

Maybe, I'm just a fool for you,  
But baby, I've got some news for you.

Nothing's gonna change my mind,  
The way I feel about you,  
I love you til the end of time,  
I couldn't live without you.

# Office Worker

(c) Tony Arnold & Peter Watts

There's a little office worker,  
Doesn't have a lot to say,  
He don't look forward to the future,  
He just lives from day to day,  
And in the morning when he comes into  
his little desk of files,  
There's so much he wants to tell you  
but he only gives a smile.

Little office worker,  
He don't wanna be alone,  
He's got a TV in the kitchen  
and a lifestyle of his own.

In the afternoon at three o'clock  
he stops for tea and scones,  
At half past four he takes his coat and hat  
and drives on home alone,  
But you can see the sadness in his eyes,  
There's no-one there at home,  
Nobody loves the worker anymore,  
There's nothing to disown.

Little office worker,  
He don't wanna be alone,  
He's got a TV in the kitchen  
and a lifestyle of his own.

And while he's working,  
The sun shines for him,  
Oh the little office worker,  
There's much for you to do.

Little office worker,  
He don't wanna be alone,  
He's got a TV in the kitchen  
and a lifestyle of his own.

Little office worker,  
He don't wanna be alone,  
He's got a TV in the kitchen  
and a lifestyle of his own.

# People

(c) Tony Arnold & Peter Watts

Come on now and get yourselves together,  
There aint nothing in this world you have to fear,  
Coz everbody needs someone to lean on,  
This world is much too wide to face alone.

So come on now, Show them how,  
You aint got nothing to fear,  
The time is right to fight the fight,  
Coz you aint got nothing to fear.

You need people, People, Yeah,  
People are what you need,  
People, Yeah yeah yeah,  
People, Yeah yeah yeah,  
People are what you need.

Always seems to be so much confusion,  
Seems nothing in this world is ever clear,  
But you can shine, You know it's given to you,  
This world is much too dark to walk alone.

So come on now, Show them how,  
You aint got nothing to fear,  
The time is right to fight the fight,  
Coz you aint got nothing to fear.

You need people, People, Yeah,  
People are what you need,  
People, Yeah yeah yeah,  
People, Yeah yeah yeah,  
People are what you need.

Love, Let it shine, Let it shine,  
Down, Down on you, Down on me, Yeah.

People, Yeah yeah yeah,  
People, Yeah yeah yeah,  
People are what you need.

# **Queen Of 1910**

**(c) Tony Arnold & Peter Watts**

Joni was the queen of 1910,  
She was never going there again.

She's in love with the world,  
In love with the world,  
With the world,  
In love with the world.

King was always playing on her mind,  
King, She said,  
There's nothing you will find.

She's in love with the world,  
In love with the world,  
With the world,  
In love with the world.

You gotta follow, Follow.

# Samantha

(c) Tony Arnold & Peter Watts

Momma's gone away Samantha,  
And every little thing that you see,  
Momma's gone away,  
Momma's gone away.

We loved you,  
Remember baby,  
And when the wind is high,  
She'll take you there.

You've got to blow it,  
Don't ever show it,  
The things you're saying will always be on my mind.

Taking it away,  
Do you remember?  
Do you remember when things were so?  
Do you remember when?  
Doing it again.

She loves you Samantha baby,  
And when the wind is high,  
We'll take you there.

You've got to slow it,  
Don't ever show it,  
The things you're saying will always be on my mind.

You've got to blow it,  
Don't ever show it,  
The things you're saying will always be on my mind,  
On my mind,  
Here on my mind.

# **She Say She Loves You**

**(c) Tony Arnold & Peter Watts**

And when she looks at you,  
And says her love will never die,  
Don't believe the words she says,  
It wont be long before it's dead.

It took a lot to give,  
To only have it thrown away,  
Too soon you cast your pearls,  
And stronger now the shield returns.

She says she loves you,  
You say you love her,  
It turns into a lover's serenade,  
And then your heart sings,  
And you believe her,  
But suddenly her eyes will turn away.

You felt a love so pure,  
But it's a one-way only road,  
That leads to the pain inside,  
Where love you bring will surely die.

You say you love her,  
She says she loves you,  
Like an actress on a stage without a play,  
And then your heart sings,  
And you believe her,  
But suddenly her eyes will turn away.

# That's Me

(c) Tony Arnold & Peter Watts

I need you more than you want me to,  
I'll tell you something you never knew,  
No more time guessing what I'm supposed to do,  
Here I am, Here's how I feel for you.

I'll tell you with all of my energy,  
What it is exactly you mean to me,  
No more time guessing what I'm supposed to be,  
I'm the one for you now, Can't you see?

Who tells you everything is gonna be alright?  
That's me, (That's her)  
Who writes you letters in the middle of the night?  
That's me, (That's her)  
I wouldn't try to change your mind,  
I'm only asking you to give me some time,  
Then if you find this love is blind,  
Then tell me that it's over baby,  
That's just fine.

No-one else ever could make me cry,  
Take my hand, I wont let you say goodbye,  
I wont leave until you give this love a try,  
I'm the on for you, I'll tell you why.

Who's gonna call you up whenever you're alone?  
That's me, (That's her)  
Who's sitting patiently by the telephone?  
That's me, (That's her)  
And if your eyes show no surprise,  
I'd still appreciate you hearing my cries,  
I'd realise I was unwise, I'd tell you that it's over baby,  
That's no lie.

# **The Best In Me**

**(c) Tony Arnold & Peter Watts**

Tell you what I'm gonna do,  
I'll take you anywhere you wanna go,  
See the sun come shining through,  
And then you look around and see it start to fade away.

You bring out the best in me,  
You bring out the best in me,  
You bring out the best in me,  
I don't know, I don't know why.

Travelling on this lonely road,  
It seems I've been some place like this before,  
Travel down to Mexico,  
And see the sun come shining,  
See the sun come shining through.

You bring out the best in me,  
You bring out the best in me,  
You bring out the best in me,  
I don't know, I don't know why.

Travelling on this lonely road,  
It seems I've been some place like this before,  
Travel down to Mexico,  
And see the sun come shining,  
See the sun come shining through.

You bring out the best in me,  
You bring out the best in me,  
You bring out the best in me,  
I don't know, I don't know why.

You bring out the best in me,  
You bring out the best in me,  
You bring out the best in me,  
I don't know, I don't know why.

# The Lonely One

(c) Tony Arnold & Peter Watts

The look in your eyes,  
I saw there was something there,  
You were the light unto me,  
I was the lost and found.

A treasure of gold,  
More than the world to me,  
You know I believed in you,  
More than you asked me to.

I know I love you,  
The one girl I'll always need,  
You told me you love me,  
You'd always be there for me,  
And now you're gone,  
And I'm the lonely one again.

I couldn't see,  
Why I was wrong to you,  
Love in a world of changes,  
Too many broken dreams,  
The mirror is gone,  
Lost in an empty place,  
I always believed in you,  
How could we ever lose?

I know I love you,  
The one girl I'll always need,  
You told me you love me,  
You'd always be there for me,  
And now you're gone,  
And I'm the lonely one again.

And then you close your eyes,  
You never pay the price,  
And you're lonely, Lonely.

I know I believed in you,  
More than I wanted to.

I know I love you,  
The one girl I'll always need,  
You told me you love me,  
You'd always be there for me,  
And now you're gone,  
And I'm the lonely one again.

And then you close your eyes,  
You never pay the price.

# Tomorrow

(c) Tony Arnold & Peter Watts

Hold tight, It's alright, Was all you ever seemed to tell me,  
It looks like tomorrow, Will never be like yesterday,  
Sometimes I remember, The things you did when you were young,  
Sunrise in the mirror, Another day has just begun.

I'm falling, I'm calling, I don't know what it is I'm doing,  
Clear skies to dark nights, Nothing ever stays the same,  
Old tree in the meadow, Pictures hanging on the bedroom wall,  
Left there to remind me that things will never change at all.

But I'll be there, Be there, To sing to you,  
Lullabies in June, I'll sing to you,  
Holidays, Mayonaisse, Whatever there is there for you,  
Apple pie, Yellow skies, I do it all for you.

Sometimes I remember, The things I did when I was young,  
Sunrise in the mirror, Another day has just begun.

Falling, I'm calling, I don't know where it is I'm going,  
Clear skies and dark nights, It always seems to stay the same,  
The old trees in the meadow, The pictures on the bedroom wall,  
Left there to remind me some things will never change at all.

Coz I'll be there, Be there, To sing to you,  
Lullabies in June, I'll sing to you,  
Holidays, Mayonaisse, Whatever things you want me to,  
Apple pie, Yellow skies, I do it all for you.

I'll be there for you, I'll sing to you,  
I'll be there for you, I'll sing to you,  
I'll be there it's true, So much for you.

I'll be there, Be there, To sing to you,  
Lullabies in June, I'll sing to you,  
Holidays, Mayonaisse, Whatever things you want me to,  
Apple pie, Yellow skies, I do it all for you.

I'll be there for you, I'll sing to you.

# When The Lonely Cry

(c) Tony Arnold & Peter Watts

When the lonely cry,  
There's no one there to comfort them,  
Just the pain inside,  
Wont someone make them understand,  
Where love has gone, Where love has gone.

Feeling cold again,  
Seems like the sun will never shine,  
How you wish it would end,  
Why can't you find what others find,  
Where love has gone, Where love has gone.

Then you close your eyes,  
You're alone,  
The pain inside is never ending,  
A broken heart is never mending,  
Love isn't crying, Love isn't crying,  
Love isn't crying.

A love that never could be,  
How can the world be so unkind,  
Will you ever believe,  
There's someone out there you must find,  
Where love has gone, Where love has gone.

You open up your eyes it's still the same,  
As another dream is shattered,  
Memories of love are scattered,  
Love isn't crying, Love isn't crying,  
Love isn't crying.

When the lonely cry.
